INDIA MOVES ON **EXIDE**

HIGH ON PERFORMANCE. LOW ON PRICE.

CHAMPION is an automotive battery born to win with unmatched features. It is powered by the latest technology and reinforced through 60 years of development and experience. Unlike the untried and unproven technology of the new entrants in the market, Champion gives you the advantage of extra power that you can rely on. When you have a Champion under your bonnet, there is no stopping you.

- Made tough for Indian conditions - a special Hybrid Alloy System ensures that the battery can withstand the Indian environment and high under-bonnet temperatures. Polypropylene container with corner reinforcement ribs makes the battery strong enough to withstand bumps and vibrations for all applications
- Instant start every time - good cranking power and endurance with rugged grid profile. Fully tested and guaranteed to perform even in the most demanding start-stop traffic conditions
- Brightest light for darkest nights - for driving safely in the dark, without any worries of battery failure
- Improved cycle life: Double-clad separation in the form of a unique rib-free separator profile, reinforced with texturised glass mat, provides surface support to the active material, thereby improving cycle life and resistance to bumps and vibration
- No maintenance, no worries: Special alloy plates and high electrolyte headroom conserves power even when not in use, thus requiring no maintenance
- Safety first - top vented lid with anti-splash guards sealed with coin-flush vent plugs ensure that there is no chance of contamination by adulterated water
- Easy to use - available factory-charged in ready-to-use condition

**36-MONTH
WARRANTY**

EXIDEcare

1800 103 5454

When you return a used battery to any of our authorised dealers, we contribute on your behalf, to UNICEF's Child Environment Programme. It would help change the lives of the underprivileged children who are in dire need of water, sanitation and hygiene in schools. Your contribution would help save our environment as well. Lead, a major component in your battery, if not handled responsibly, can harm the environment and our health. Return your used battery and make the world a better place.

Authorised Exide Dealer

This catalogue is issued to provide outline information only and is not deemed to form part of an offer or contract. Our policy is one of continuous improvement and we reserve the right to change details without prior notice.

Exide/Car & SUV/02/2014

Based on sales to OEMs and corresponding battery-fitted vehicle production data (including 2/3 Wheelers) of SIAM for 2012-13.
