

Return your old battery
Gift a child
a new life

EXIDE
in association with
unicef

When you return a used battery to any of our authorised dealers, we contribute on your behalf, to UNICEF's Child Environment Programme. It would not only empower the lives of the underprivileged children who are in dire need of water, sanitation and hygiene in schools, your contribution would help save our environment as well. Lead, a major component in your battery, if not handled responsibly, can harm the environment and our health. Return your used battery and make the world a better place, in more ways than one.

INDIA'S LARGEST SELLING TWO-WHEELER BATTERY

INDIA'S LARGEST SELLING TWO-WHEELER BATTERY

EXIDE Xtreme is the next generation battery for new age two-wheelers. A factory-charged, zero-maintenance, ready-to-use battery that delivers an extra power-packed performance. Go ahead. Feel like a king on Indian roads.

FEATURES

- The unique Ca-Ca Alloy ensures a maintenance free life on Indian road conditions.
- No Topping-up within Warranty period under normal running conditions.
- The design makes it completely unspillable and is virtually sealed.
- Specially designed, flat type single gang plug allows very easy maintenance.
- Absence of a Breather Tube eliminates the need for a drain pipe.
- Bolted connection eliminates the risk of failure of the soldered wire joints.

EXIDE XPACK VRLA - the ultimate zero maintenance VRLA battery for motorcycles that promises to revolutionize the two-wheeler experience. It is also the only VRLA battery that is approved by the major motorcycle manufacturers.

FEATURES

- The revolutionary Gas Recombination system eliminates water loss making the battery completely maintenance free.
- The Spill Proof design guards against the possibility of leakage, even if mounted in a tilted or inclined position.
- The advanced Lead-Calcium technology leads to low self discharge.
- Unique Flame Arrestor ensures greater safety.
- The AGM construction gives superior cranking power and better resistance to vibration and hence makes this battery the most reliable in the market today.
- The permanently sealed VRLA battery comes factory charged. It needs no re-filling, electrolyte or water.
